FYI – Still on schedule for March 26th FR publication and a March 24th HQ press release for the Anaconda Aluminum Co Columbia Falls Reduction Plant NPL proposal.

Cynthia – I'll plan to reach out to Susan Nicosia and Joe Russell on Tuesday morning at the latest. Once the release is sent on Tuesday, I'll send the public notice to the newspaper.

Rebecca – will you notify the staff with Sen Tester, Sen Daines, Rep Zinke, and the Governor's office? As you know I've spoken with Virginia Sloan; it'd be good to keep her in the loop on the specifics once they're released. We've had interest from the State Senator Dee Brown. Would you want to reach out to her office as well?

Mark – will you notify the PRPs when you think it'd be appropriate?

Lisa/Rich – I've edited the dates on the attached press release. Do you think it would be ready for next Tuesday, shortly after the HQ release?

Thanks everyone. I appreciate it!

Rob

Subject: NPL Rules Revised FR Publication Date is March 26

The NPL rules, originally projected for publication on March 19, will be delayed one week due to the unavailability of the AA or Deputy AA for signature because of their travel schedules. The Federal Register publication date is expected to be March 26 and the issuance of the press release and web update with the new site information should happen on March 24.

We have received OMB's informal concurrence on the proposed and final sites and the rule package is currently moving up the signature chain, so we do not foresee any additional delays. I will send out an update once the rules are signed (Mathy's signature expected about March 19).
